Goodbyes and Welcome

Sadly after some considerable time working for Raleigh Surgery we say goodbye to Gill Halsey who has worked as a receptionist at Raleigh Surgery for nearly 25 years. Gill had a lovely send off on the journey to her retirement and would like to thank all of you who sent her their best wishes and presents. She was sad to leave and we were upset to see her go but wish her a long , happy and healthy retirement.

We are pleased to welcome Donna Harrison to the team - she has taken over Gill's role as a receptionist.

We also have a new Doctor working with us .Dr Jeffrey Solman, who some of you may have already met , will be with us on a regular basis from June on a Monday , Tuesday and Wednesday.

Gearoid Crosbie is a Year 5 Medical student joining us in May for 6 weeks.

Thank you

A big thank you goes to all patients who have donated books to Friends of the Surgery. Our chosen charity of the year this year is Breast Cancer Awareness. Sam our diabetic nurse has run miles to achieve a sponsorship donation for this worthy cause and in July the Friends of the Surgery have kindly sponsored 7 members of staff to compete in the inflatable 5k again to raise sponsorship money for medical equipment and Breast Cancer Awareness. The event takes place at Westpoint Area on the 16th July.

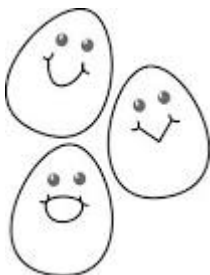

If anyone is interested in joining the Patient Participation Group - Friends of Raleigh Surgery please could you contact Louise Ford - Practice Manager. With so many changes going on in the NHS it is important that patients get the care and services they need. The aim of a patient group would be to work alongside the Practice Manager, and the GPs and to feedback on the services provided by the practice team as well as have input into new services.

The existing group have formed a very strong relationship and work exceeding well together. They hold coffee mornings on the first Monday of every month as well as hold Fayres. Future projects include health talks and holding a cake stall at one of the markets in the Strand - they are exceedingly good cooks!!

Also we would like to thank all of you who have taken part in a research project over the last year.

If you have recently moved or changed your name or contact details please could you let reception know . We would also like your mobile number and email address to use as alternative methods of contact.

Raleigh Surgery wishes you a happy and healthy Easter Weekend.
